T.E. Jayarama Aiyar, Esq., B.A., B.L.,

Secretary to the Government of His Highness

the Maharaja of Mysore, Revenue Department,

Bangalore.

With reference to your letter No.512/M.C.60-23-3 dated 27th August 1923 calling for a report on the several points touched upon in the letter received from the President of the Renovation Committee of the Sri Vallabharayaswami temple at Vasanthapur in the Bangalore Taluk, I have the honor to state that orders on the following four points are required:--

(i) Formal approval of the election of Mr. P.S. Ranoji Rao as President of the Committee in place of the late Mr. A. Ramaiya.

(ii) Transferring to the name of the President of the Renovation Committee, the amount now held in the Savings Bank in the name of the Amildar with permission to withdraw the required amount on a form signed by the President and accompanied by a measurement abstract signed by the members of the Renovation Sub-Committee newly formed;

(iii) Payment of a sum equal to the amount contributed by the devotees out of the State Grant for the repairs of the temple and

(iv) Sending the original sanctioned estimates to the Committee for reference.

2. As regards (1) the election of Mr. P.S. Ranoji Rao may be

be approved as it has the unanimous consent of all the Committee members.

3. As regards (ii):- The subscriptions collected for the repairs of the temple seem to be now deposited in two different places, viz., Government Savings Bank and the Central Co-operative Bank and this procedure is open to objection as Government officers cannot exercise any control over the latter. As a first step towards systematization the Committee should be asked to close the account in the Bank and deposit the available amount in the Savings Bank account opened already in the name of the Amildar of the Bangalore Taluk.

Notwithstanding the fact that the Sub-Committee formed to supervise the execution of work and authorise payment is no doubt a representative one with Mr. V.H.Karve, retired Superintending Engineer as one of its members yet the request made by the Committee to permit withdrawals without the countersignature of a responsible officer of Government seems to be somewhat extraordinary and not easy of compliance.

On the analogy of the construction of the Uttarad Mutha in Bangalore, the Chief Engineer for Roads and Buildings may be requested to authorise the Executive Engineer, Bangalore Division, to countersign the measurement bills presented by the Committee. On bills so presented the Amildar of the Bangalore Taluk in whose name the Savings Bank deposit stands will withdraw the requisite amount and disburse it to the Committee.

3. As regards(iii):- In view of the commendable zeal shown by the Committee in making a collection of nearly Rs.3,500/- and as an incentive to continued good work, I am of opinion that a contribution from the State Grant allotment of the current year is necessary. Out of the comprehensive scheme prepared by the Committee costing Rs.10600 five items aggregating Rs.5,235/- have already been sanctioned, leaving two other items, viz., Kalyana Mantap Rs.1,740/-, Hajara 4702/- for future consideration for want of funds. As the latter of these two items is not an important item of temple structure and is also the costlier item, it may therefore be allowed to lie over. Towards the construction of the former, i.e., Kalyanamantap out of the

out of the estimated amount of Rs.1,740/-, a sum of Rs.1,000/- which works out at 30% of the total collections made by the Committee will be allotted out of the current year's grant which is only Rs.5,000/- and the amount credited to the funds of the institution.

4. As regards (iv):-- As the sanctioned estimates and other corrected records were returned to the Deputy Commissioner, that officer will be requested to transmit them to the President of the Committee for reference.

5. The enclosure to your letter is returned.

I have the honor to be,

Sir,

Your most obedient servant,

K Chandy

Mukral Commissioner.
